**RESPONSE TO ADVISORY ACTION BEFORE THE FILING OF AN
APPEAL BRIEF**

Mail Stop Amendment
Commissioner for Patents

**ELECTRONICALLY FILED
JANUARY 12, 2009**

Sir:

This is in response to the Advisory action of December 22, 2008 and the Final Office Action of October 28, 2008.

In the Advisory Action, an indication was provided that the proposed Amendment would not be entered because the Amendment to claim 1 would raise new issue (sic) requiring further review and consideration and the amended claim 1 has not been considered with the claims that depend therefrom.

However, it is believed that the amendments to claim 1 do not raise a new issue.

The primary amendment to claim 1 is to add subject matter contained in previously presented dependent claim 6. The only other amendment to claim 1 was suggested by the Examiner in the Office Action and is simply to correct a typographical error to change the term, "a bottle" to, "the container" in order to correct an issue related to the antecedent basis.

Consideration and favorable action are respectfully requested.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
